AGRICULTURAL TIRES

# TR110

The best tire solution  
*for sustainable farming and productivity*

# TR-20

**Ideal 2WD tractor front tire with special 3Rib design.**

- The rib design provides ultimate steering performance during soil tillage operations and on soft and cultivated areas.
- Specially formulated tread compound and all steel carcass structure offer longevity.
- Flexible carcass structure prevents sinking.
- Special tread design provides efficient self-cleaning feature.

## ALL SIZES

6.00-16	6PR	TT	88/A6

11.00-16	8PR	TT	118/A6

# TR-25

Front tire for 2WD tractors suitable to be used on field and short distance road operations.

- Solid tread center structure and strong nylon carcass enhances durability.
- Durable shoulders protect the tire effectively by increasing its resistance to any kind of damage.
- The strong and flexible carcass structure that prevents sinking into the soil also ensures long life.

## ALL SIZES

6.00-16	6PR	TT	88/A6

7.50-16	8PR	TT	103/A6

# TR-30

Front tire for 2WD tractors suitable to be used on field and short distance road operations.

- Improved tread compound enables high resistance against wears and cuts.
- Strong center and shoulder design provides high resistance to side impacts and tread base fatigue.
- Tread pattern and flexible carcass structure provide excellent maneuverability without sinking into the soil.
- Special tread geometry provides easy steering.

# TR-330

## R1 tractor rear tire.

- Provides superior performance on tough terrains with its specially designed tread pattern.
- The unique lug design prevents any kind of crop damage and provides easy cleaning feature during field operations.
- Wide and reinforced body provides perfect grip, high traction and reduced slippage.
- Exceptional carcass structure provides optimum durability.
- Tread profile with extra wide tread base ensures perfect resistance to tread base fatigue.

### ALL SIZES

# TR-110

## General purpose R1W tractor radial tire.

- Wider footprint offers lower soil compaction.
- Special structure improves flotation on soft terrains and ensures a comfortable ride at all operating conditions.
- Low rolling resistance leads to maximum fuel efficiency.
- Unique tread design provides exceptional traction and ensures maximum performance.
- Special tread compound provides high level of resistance against wear and cuts.
- Tread profile enhances durability to tread base fatigue.
- Offers excellent self-cleaning feature.

# TR-130

R1W tire for high power tractors.

- Designed to transfer torque power to the ground effectively on any terrain.
- Special tread geometry reduces slippage by improving traction which in turn, leads to significant fuel savings.
- Wider footprint and optimized lug angle contributes to crop productivity by minimizing soil compaction.
- Elastic structure absorbs impacts and demonstrates better flotation.
- Strong carcass and high-quality tread compound ensure longer service life and enable maximum performance under heavy loads.
- Provides driving comfort both on the road and the field.

# TR-130 IF Series

## R1W tire for high power tractors.

- Demonstrates superior performance under heavy loads with lower pressure compared to traditional radial tires.
- Lower inflation pressure and sidewall flexibility improves driving comfort.
- Special tread design provides exceptional traction.
- Highly flexible sidewalls and large footprint offer lower soil compaction.
- Elastic structure effectively protects the tire by absorbing impacts.
- Strong carcass and special tread compound ensure longer service life.

### ■ ALL SIZES

#### TR-130/70-IF SERIES

IF 600/70R 30	TL	165 D
IF 800/70R 38	TL	184 D

IF: Improved Flexion

# TR-140

**General purpose R1W tractor front and rear tire.**

- Offers durability for a wide spectrum of applications.
- Special tread compound offers longevity by improving the tire's resistance against wear and cuts.
- Wide footprint leads to lower soil compaction.
- Prevents slipping on all terrains and thus, contributes to steering balance.
- Elastic structure prevents sinking into the soil and protects the tire by absorbing impacts effectively.

## ■ SIZE

### TR-140/85 SERIES

340/85R 28 (13.6R 28)	TL	127 A8/124 B
-----------------------	----	--------------

# HST-70 VF

Multipurpose VF (Very High Flexion) all steel radial tire designed hold up to heavier loads.

- Thanks to VF (Very High Flexion) technology, carries more load with equal pressure levels and same load with less pressure when compared to conventional tires.
- Tread compound provides resistance to cuts and wears on asphalt, hard soil and concrete roads.
- Wide footprint provides lower soil compaction.
- Protects crops effectively with the help of its high flexion feature.
- Special carcass structure offers high endurance against stubble impacts and fissures.

## ■ SIZE

VF 285/70R 19.5	16PR	TL	150/D
-----------------	------	----	-------

VF: Very High Flexion

# SM-160

The ideal trailer tire for high load capacity with minimum soil compaction.

- Offers high loading capacity with minimum soil compaction thanks to special three-rib tread design.
- Reinforced carcass structure ensures longevity by improving resistance against cuts and wears.
- Offers excellent self-cleaning features.

## SIZE

7.50-16    10PR    TT    116/A6

# SM-270

**Traction type trailer tire with high resistance.**

- Reinforced sidewalls provide durability and protect the tire from side impacts.
- Special tread depth and geometry offers high resistance to cuts and tread wear.
- Offers high load capacity and outstanding self cleaning feature.

## ■ SIZE

7.50-16	12PR	TT	121/A6
---------	------	----	--------

# RM-50

**Traction type trailer tire with high resistance.**

- Special tread and carcass structure offers high load capacity.
- Wide and deeper tread design provides high resistance against cuts and tread fatigue.

## ALL SIZES

9.00-16	8PR	TT	118/A6
9.00-16	12PR	TT/TL	125/A6
9.00-16	14PR	TT	128/A6
9.00-16	16PR	TT	131/A6
11.5/80-15.3	16PR	TL	141/A8

# RM-60

## Traction type trailer tire.

- Suitable for short period transport along with field use.
- Special tread and carcass structure offer high load capacity.
- Offers high resistance against lug fatigue and tread wear thanks to its specially developed tread compound and geometry.

### ■ SIZE

8.25-20	14PR	TT	133/A6
---------	------	----	--------

# RM-70

## Traction type trailer tire.

- Special tread and carcass structure offers high load capacity.
- Flexible carcass structure prevents sinking into the soil while protecting the tire by absorbing side impacts.
- Offers high resistance against lug fatigue and tread wear thanks to its specially developed tread compound and geometry.

### SIZE

9.00-20	14PR	TT	133/A6
---------	------	----	--------

# RM-80

Flexible and durable trailer tire.

- Special tread and carcass structure offers high load capacity on soft surfaces.
- Offers high resistance against cuts and stubble puncture thanks to its specially developed tread compound and geometry.
- Flexible carcass structure prevents sinking into the soil while protecting the tire by absorbing impacts.

## ■ ALL SIZES

9.00-16	12PR	TT	125/A6
9.00-16	14PR	TT	128/A6
9.00-16	16PR	TT	131/A6

# IMP-60

Free rolling tire designed to use on agricultural trailers and balers.

- Delivers outstanding durability feature even under low air pressure and heavy load with its strong carcass structure.
- Protect crops with low soil compaction feature.
- Offers excellent flotation as rounded shoulders and wider base spread load on the surface.
- Enables driving comfort and fuel efficiency.
- Delivers excellent self-cleaning capability thanks to its wide grooves.

## ALL SIZES

500/50-17	14PR	TL	149/A8 (FRA)	137/A8 (SA)
500/50-17	16PR	TL	152/A8 (FRA)	139/A8 (SA)
500/50-17	18PR	TL	157/A8 (FRA)	145/A8 (SA)

FRA: Free Rolling Axle

SA: Steer Axle

# IMP-70

## Trailer tire.

- Stable central tread section with open shoulder design enhances comfort and improves longevity.
- Low rolling resistance leads to maximum efficiency in fuel consumption.
- Strong sidewall construction and durable bead structure provides excellent protection against all kinds of damage.
- Offers excellent floatation and self-cleaning features.

### ■ ALL SIZES

16.0/70-20	14PR	TL	154 A8/142 A8
400/70-20	14PR	TL	154 A8/142 A8

# IMP-80

**Modern harvester and trailer tire.**

- Demonstrates low dynamic rotating resistance thanks to its 5 Rib design.
- Suitable for short period transport and field use.
- Wide base area prevents slides to sides and sinking into the soil.
- Special tread design and structure ensures high resistance against cuts and wears.

# TR-130 AGROVEST

*Aramid Belted*

R1W Harvester tire with aramid belted structure.

- Aramid belt technology provides extra protection against stubble damage and ground impacts compared to steel and fabric alternatives.
- Reinforced bead structure ensures long life by improving the tire's endurance.
- Special tread design enables exceptional traction and better handling on the field.
- Wider footprint and optimized lug angle minimize soil compaction and avoid crop damage.
- Perfect performance under heavy loads with lower pressure compared to traditional radial tire construction.
- Elastic structure absorbs impacts and yields better flotation. Special tread compound offers high resistance against punctures.

Modern radial harvester tire.

- Offers outstanding traction on hard and soft terrains.
- Low rolling resistance feature improves efficiency in fuel consumption.
- Strong construction not only improves the tire's endurance, but also provides excellent performance.
- Offers high load capacity and minimum soil compaction.
- Special tread compound extends service life regardless of the softness or hardness of the ground.

## 2019 EDITION

Starmaxx Agricultural Tires are characterized by quality workmanship, leading edge technology, unique tread design and excellent performance, offering a mix of quality and value.

Our success depends on offering reliable products with an approach of excellence beyond expectations and supporting our customers by firmly standing behind our products and services.

Our aim is to build long term relationships with our customers by providing ultimate quality and excellent service to fulfill our promises.
