

# ST970 PROWIN

## ULTIMATE WINTER SAFETY AND MOBILITY

Unique pattern design with multidirectional wavy sipes and tread compound delivers exceptional performance in winter conditions on wet roads. 3PMSF and M+S markings prove perfect grip and braking on snowy roads.

### AVAILABLE SIZES - ST970

215/75R 16 C 116/114R  
235/65R 16 C 121/119R

### PATTERN PROPERTIES

Optimised shoulder width increases footprint pressure resulting in higher traction and grip on snow and ice.

Multi sipes and block type tread pattern improve grip and braking performance.

Computer simulated pitch frequency minimizes road/pattern noise improving comfort for a quieter ride.

Stiff shoulder blocks improve cornering and maneuvers even at high speeds and ensure even wear on shoulders.

Wide grooves provide exceptional water drainage and reduce the risk of aquaplaning.

### PERFORMANCE RATINGS - ST970

### EXCEPTIONAL TRACTION ON CHALLENGING ROADS

Trace high profits with perfect traction on snowy or slushy road surfaces and ultimate protection against aquaplaning.

### SAFE BRAKING & CORNERING

ST970 is your reliable companion with safe braking through ultimate grip on snowy road surfaces and safe maneuvers on high speed cornering.

### REDUCED NOISE, IMPROVED COMFORT

Minimized road noise and vibration serves to the comfort of both the driver and the passengers.

## W860 & OTHER WINTER TIRES

W870 | W880 | ST960 | ST970

# W860 ARCTERRAIN W880 INCURRO WINTER

## MORE THAN MEETS THE ICE

W860 Arcterrain is specifically developed to help drivers keep moving in the harshest winter conditions where the roads are covered with snow and ice. Ensures ultimate safety by providing precise handling and short braking distance on snowy and icy road surfaces. Optimized profile keeps contact with the ground at even the most extreme conditions. The superior performance of W860 is proven on relentless tests in the challenging weather and road conditions of Finland.

### AVAILABLE SIZES - W860

W661 - PASSENGER CAR	W681 - 4x4 / SUV

215/50R 17 RF	95T
225/50R 17 RF	98T
225/45R 17 RF	94T

### PATTERN PROPERTIES

- Circumferential center rib ensures continuous contact with the road surface to provide precise steering and a balanced drive.
- V-shaped grooves effectively discharge snow and melting water to ensure maximum braking safety.
- Wavy sipes of optimized density transfer full braking power to the road, minimizing braking distance on frost-covered and icy roads.
- Multi-level block sides bite the road with their teeth to guarantee persistent lateral grip for perfection in high speed bend turns.
- Multi-faceted groove bases maximize traction and grip during acceleration and brakes by grabbing the surface like claws.

### PERFORMANCE RATINGS - W860

#### RELENTLESS GRIP

Maximized grip on snow and ice ensures uninterrupted mobility on challenging weather conditions.

#### MINIMIZED BRAKING DISTANCE

Guarantees the safety of you and your family even at the most extreme weathers by offering minimized braking distance.

#### MANEUVERABILITY ON HAIRPIN BENDS

Without having to worry about skidding or slushplanning, you'll enjoy the beauties of winter hidden beyond the curvy roads.

# W870 INCURRO WINTER

## MAXIMUM WINTER PERFORMANCE WITH EXCEPTIONAL GRIP AND TRACTION

Designed for high traction and grip performance on snowy and icy surfaces. Provides stability on dry roads with special compound. Unique pattern design enables ultimate handling and cornering performance. Reduces stopping distance on slippery roads.

### PATTERN PROPERTIES

- High performance on icy and wet surfaces with Z-shaped sipes.
- Stability on stream driving routes with circumferential block on the center.
- Low noise and high driving comfort with V-shaped grooves.
- High brake safety with optimized block arrays and lateral channels.
- High maneuverability and turning performance with reinforced block type.

#### SAFE BRAKING ON SNOWY ROADS

"Stuck in winter resort" is no longer a horror story, as whoever goes there can turn back safe and sound with perfect grip and a short braking distance on snow and ice.

#### STABILITY ON WET ROADS

Turn the outdoor challenges of winter into outdoor beauties with improved stability on stream driving.

#### COMFORT OF THE TOWN IN THE WILD

Minimized road noise will let you hear what really matters: the symphony of nature.

# ST960 PROWIN

## EXCEPTIONAL TRACTION AND BRAKE PERFORMANCE IN HARSH WINTER CONDITIONS

Offers maximum winter safety and outstanding durability for Light Commercial Vehicles with the perfectly arranged wavy sipes on its unique tread design that enables high grip performance on icy roads.

#### MAXIMUM TRACTION ON SNOW

ST960 remains flexible at low temperatures and ensures perfect traction in harsh winter conditions.

#### SAFETY FOR THE DRIVER AND THE LOAD

The safety of both the driver and the cargo is guaranteed by secure handling while turning bends and changing lanes along with short braking distance on snow and ice.

#### LONG LIFE FOR LONG TERM PROFITABILITY

Offers lower overall cost of ownership by providing exceptional long life and high resistance to irregular wear.
